# STUDENT LIFE

Of all the memories carried away from high school, it is the special events and activities that will be remembered most vividly.

## New Orleans: Scene of 1974 Jr.-Sr.

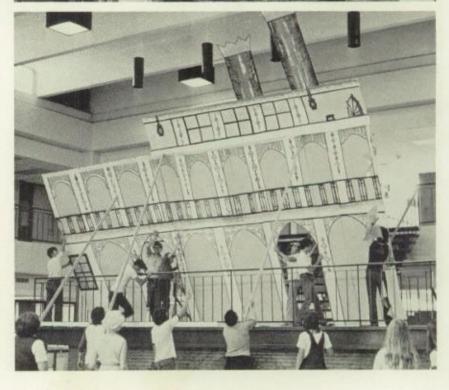

The class of '75 presented its most memorable gift to the seniors last year in Southern Louisiana style. In surroundings of Old Maine Street, picket fences, and store front windows, people danced to the music of Rockin' Jon. Although greeted at the door by swamps and alligators, students did not have to travel to New Orleans for this special occasion, but rather to the Independence High School Mall. A special dance was set aside for the 1973-1974 Junior and Senior class officers and Cabinet members, in a very cordial atmosphere, where law officers were present, but not needed. Everyone displayed good ol' southern hospitality. When the evening came to an end, it appeared that all were reluctant to leave the showboat surroundings and the majestic fountain in the center of the dance floor.

## Students Are Recognized

Although all students that make great efforts and accomplish great tasks cannot be recognized, Awards Day is designed to acknowledge a few of those with outstanding achievements. The 1974 DAR Citizenship Award went to Joan Templeton, the Sewanee Award to Mike Lakusta, the Danforth Award to Martha Weatherspoon, and D. K. Pittman Citizenship Award went to Hal Levinson. Awards ranged from Bus Driver of the Year, to scholarships based on academic merit. In the past Awards Day has been held in East's gym, but last year it was moved to Ovens Auditorium. The change added to the decorum of the ceremony.

## For Year's Efforts

Tim Hood is presented with the Harvard Book Award.

#### East On Parade

The objective of East on Parade was to familiarize students with the total offerings of the school, both in the areas of curriculum and extra-curricular activities. Underclassmen were given an opportunity to visit classes for which they were considering enrollment.

On April 9, 1974, a program held in the gym included skits and displays that helped to accomplish the objective in an entertaining, as well as an informative and organized fashion. Held again at a PTA meeting, it provided attending ninth graders with an insight into East. According to Mrs. Ledford, curriculum co-ordinator, it was a great success.

## Boy's Beauty Pageant New At East

It's what's up front that counts.

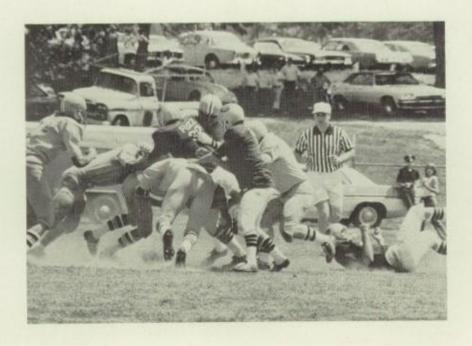

Mike Rush leaves false impressions with student body.

East set an unusual precedent last year in beauty contests. For a change of pace the boys were given a unique opportunity to display hidden beauty talents. They participated in spontaneous impersonations, imitated bird calls, and performed a few of East's cheers. The bathing suit competition was held immediately afterwards, and then the semi-finalists were selected. The last stage of the contest consisted of spur-of-the-moment questions directed towards remaining contestants. Following a short deliberation by the judges, the winners were announced as follows: second runner-up, Mike Litaker; first runner-up, Mike Rush; and East Meck's first male beauty was announced as Ms. Preston Lawing.

#### Freaks vs. Fuzz

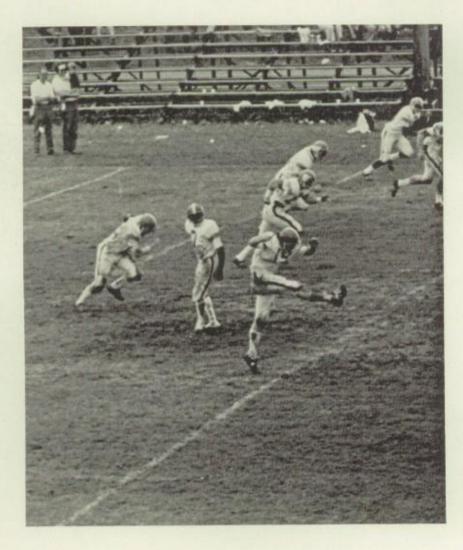

On April 9, East was the site of the annual Freaks vs. Fuzz "Riot" bowl. Freaks defeated the Fuzz with a score of 56-0. There was great enthusiasm by all. The contest was sponsored by Big WAYS. Money was raised for the Police Athletic League. Football equipment was provided by Independence and Garinger Athletic Depts.

On May 22, 1974, after the Awards Day ceremonies at Oven's Auditorium, the senior class held their annual picnic at the new Park Road Park. The large lake on the parkgrounds interested most people, one way or another. There were many activities planned. The seniors enjoyed being together before graduation.

### 1974 Seniors Graduate

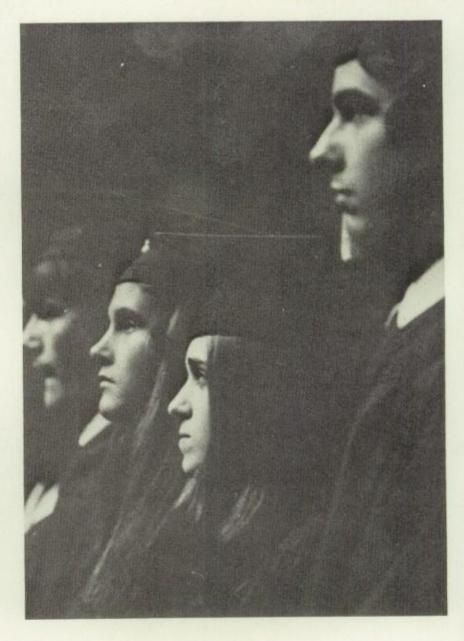

On June 6, 1974, at three o'clock p.m. at the Charlotte Coliseum, the senior class received their long awaited diplomas. The theme for the commencement exercises was "Men do less than they ought unless they do all that they can." Student Congress President Eddie Nanney and Senior Class Vice-President Brenda Misle gave their graduating address to their fellow classmates. Principal Leroy "Pop" Miller and Senior Class President Hal Levinson presented the seniors with their diplomas.

The Superintendent of Public Schools, Roland Jones, addressed the six-hundred and eighty-three member class.

With the help of Senior Class Advisor Lecora Mobley and the new Marshals, the ceremony ran smoothly.

## 25th Anniversary Homecoming

PFA AND THE PARTY OF THE PARTY

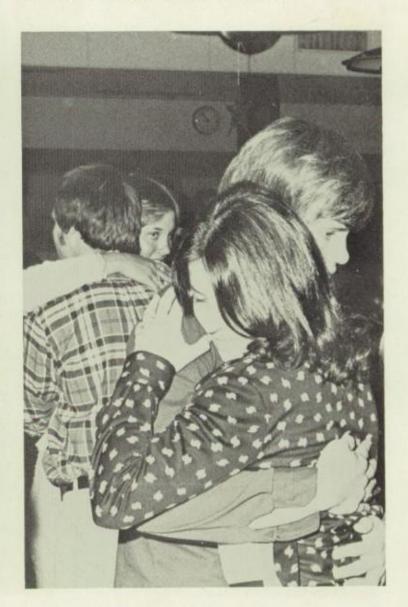

Homecoming Court's emotions varied.

Homecoming night got off to a good start this year with East winning over Hunter Huss, 13-0. The normal half-time festivities were set aside in order to present the 1974 Homecoming Court. Students attending the game waited in great anticipation to hear who would be crowned this year's Queen. The announcement of Beth Hill as winner was favorably received by all

Since this was East's 25th anniversary, Student Congress tried to have each previous Homecoming Queen to be a part of the Court. Unfortunately, this difficult task could not be accomplished in full so there were only three that showed up. Student Congress also had three of last year's cheerleaders come to cheer our team on to victory.

After the game many students attended the Homecoming Dance. Miss Hill got things started with her version of the "bump" and then everyone else followed suit, dancing to the music of Toby King and The Chocolate Buttermilk Band.

In the background, slides were shown in an attempt to give students a comparison of the old East with what has taken place in the new. The dance lasted from 9:30 until 1:30, with refreshments served for those who needed an occasional rest.

Susan Collings and Kerry Watts enjoy dancing music.

#### "Elvis" Comes To East

The Class of '75 held their Senior Banquet this year on November 12, to the theme of college and careers. After a delicious meal consisting of roast beef, beans, rice, and cheesecake, the night's show was started with the introduction of the emcees, Virginia Nixon and Steve Musler. A wide variety of entertainment was presented throughout the remainder of the evening. Many group acts were performed such as; the Civinettes Twelve Years of School, Key Club's ballet to The Nutcracker Suite, and some senior boys' version of a football film. The Interact Club contributed a great deal of entertainment with their own "Elvis", Harry Lancaster. Singing talent was also displayed with songs ranging from the '50's music to original compositions. Another highlight of the evening was the presentation of awards to seniors for their outstanding qualities. One such award was made to the soccer team for the "best display of legs." The program was concluded with the singing of the Alma Mater led by performers, emcees, and Senior Class Officers. All those who attended the Senior Banquet thoroughly enjoyed the dinner and entertainment.

## French Banquet Features Little Prince

Van Sweptson and Joe Mazur perform at annual French Banquet.

The French Club kept up tradition and once again sponsored the annual French Banquet. The cafeteria was transformed to carry out the theme of *The Little Prince*, a French novel about an aviator and his encounter with a traveler from another planet. To further carry out the theme, the French IV and V classes presented a play portraying a certain scene from the novel. Randy Cole was the star of this dramatic attempt with Randy Kritzer making a slithering appearance as the serpent.

Mr. Miller, Mr. Harper, and Coach Hood all attended along with over 200 students. Everyone left with their appetites satisfied and was thoroughly entertained.

## **ICC Christmas Party**

The annual ICC Christmas Party was held Thursday, December 19, 1974. The preceding day many students got together in the cafeteria to wrap presents for children in the Belvedere, Boulevard, Piedmont Courts, Dalton, and Fairview Day Care Centers. There were twenty to sixty children in each center, ranging from two to six years of age. Presents were donated by the various clubs at East and distributed by ICC members dressed as Santa Claus. The party was enjoyed by all involved, making their Holiday Season brighter.

## **Pantomime**

Mr. Mitchell's Drama II class spent a major part of their year perfecting Pantomime productions. On February 25th, the class gave a performance for the PTA. Prior to that, another performance was held at the Red Carpet Inn for the National Drama Association, of which East Mecklenburg is a member.

Ben Franklin takes a snooze during debates.

The musical "1776" was staged as last year's spring play, under the combined talents of drama department head, Mr. Doug Mitchell, and musical department head, Mrs. Mary Nell Holland. The cast of characters was led by Benjie Guion as John Adams, Kevin Moore as Benjamin Franklin, Jim Griffin as John Hancock, and Tom Swepston as Thomas Jefferson. The musical centered on events that led up to the Revolutionary War and the signing of the Declaration of Independence.

## "ADMIRAL CRICHTON"

"Admiral Crichton" centered on a group of people shipwrecked on a tropical island during the Victorian Age. This play demanded two roles from each individual character. The first, began with their participation in a normal, everyday society. Once they were shipwrecked, their roles were much more primitive. The lead characters were Mickey Henderson as Crichton, Tracy Satterfield as Mary, Luke Whisenant as Loam, and Marilyn Hinson as Tweeny.

### "CARNIVAL"

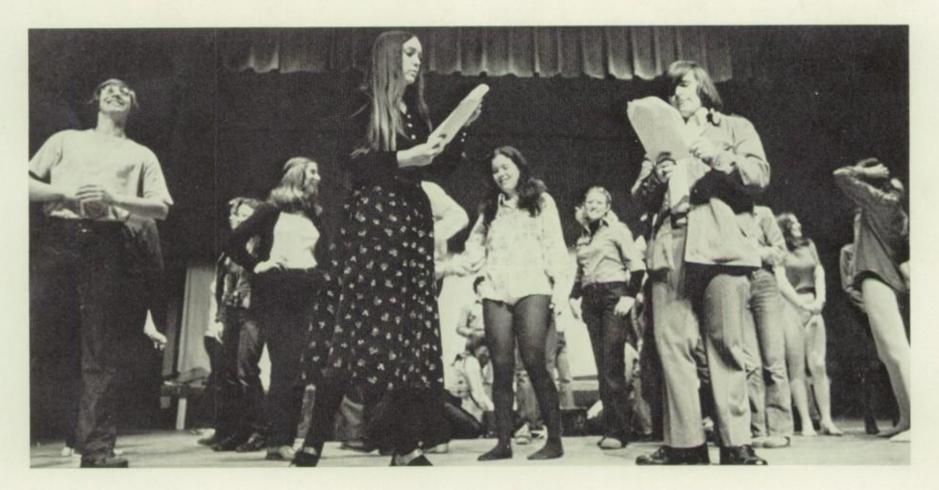

Lee Ann Whiteman and Paige Moseley rehearse.

CARNIVAL was a delightful musical about a naive country girl and her encounters in a carnival troupe. The play centered around Lily, who was played by Lee Ann Whiteman. A carnival type atmosphere was portrayed through the talents of jugglers, dancers, fire-eaters, and singers. Students rehearsed long hours involving stage blocking and chorus rehearsals. This production was the combined efforts of Joyce Helms and Doug Mitchell.

The fifth annual Cystic Fibrosis Marathon was held at East Mecklenburg gym, on February 21, 22, and 23. The marathon included one hundred and twenty-eight teams, ranging from junior high to adult teams. The winning team was Bissell-Hayes Realtors. Twenty-seven hundred dollars was contributed to the Cystic Fibrosis Foundation.

Special guest speakers were Dr. Carlan, assistant superintendent of the Charlotte-Mecklenburg School System; Mrs. Robert Hansbury, whose daughter Marica inspired the first marathon; and Craig Soeder, student at UNC, the originator of the first marathon. Special Recognition goes to Eugene C. Morgan, the Key Club, and the Civinettes for hours of diligent work.

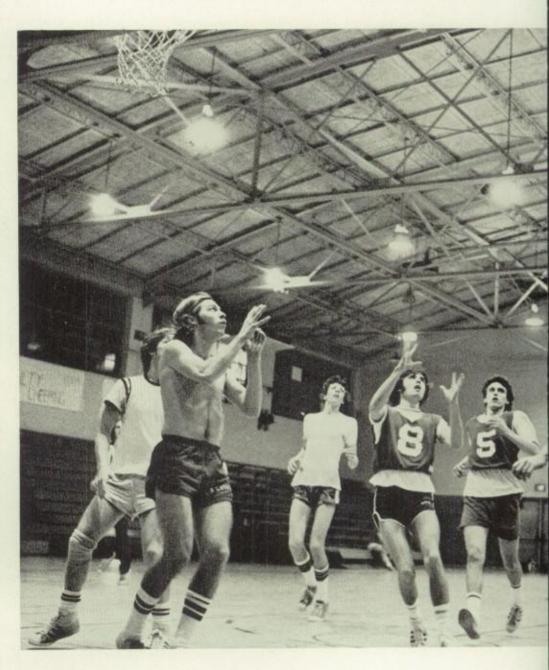

Students who purchased tickets for 50 cents were able to get out of their sixth and seventh periods to watch the student-faculty game won by the faculty by a score of 38-31. Local merchants donated one hundred and fifty dollars worth of door prizes ranging from movie passes to guitars.

### 1975 Marshals

Marshals are the top fifteen students in their class. They are chosen at the end of their junior year, to serve their school as seniors. The 1974-1975 Marshals served East by helping out with school and play finances, acting as guides at PTA openhouse, and participated in the Bridge Benefit. They also guided Sophomores to classes on Orientation Day and ushered at other various assemblies. Mrs. Ledford worked as Marshal advisor.

East's eight National Merit Semi-Finalists were chosen on the basis of their exceptional PSAT scores. Finalists, from across the country, were chosen after a committee evaluation of transcript recommendations and SAT scores.

### Scholarships and Awards

One of the more pleasant aspects of a student's life is discovering that after many years of hard work and dedication, he is to be awarded with a scholarship. The majority of scholarships are offered for outstanding performances in athletic or academic abilities. Their value has steadily increased due to the current rate of inflation.

This year, when the final Morehead competition was completed, Joan Templeton, one of East's representatives, had been chosen as one of the first females to receive this scholarship to Chapel Hill. Trustees from the Central Selection Committee reported that competition had been keenly increased by allowing girls to participate, with fifteen out of the 62 scholarships awarded to women. This scholarship is based on sports participation, academic records, leadership qualities, and a knowledge of current events and is valued at \$10,000.

### Foreign Exchange Students

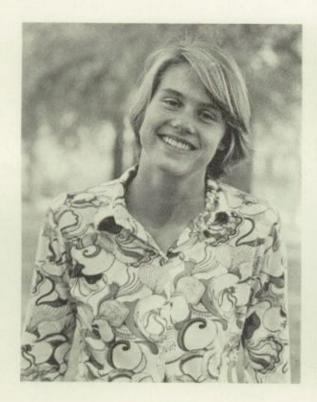

The purpose of the Foreign Exchange Program is to promote understanding and goodwill throughout the peoples of the world by the interchange of students in high school, also, to aid and encourage the development of youth. To be involved in this program one must be a rising senior, have good grades, and have completed at least two years of a foreign language. The student must have a broad awareness of his own country. The Charlotte Exchange Program tries to place at least one exchange student in each high school annually. This local division was started in order to provide more opportunities for Charlotte area students to take part in the overall program. This year East was fortunate enough to have three exchange students who added a special dimension to our school.

It is merely coincidental when the foreign exchange student whom an American has visited, is chosen to live with that same American family, as was the case with Elisabeth Syland and Elizabeth Dickson. They were paired together because of their mutual interests in skiing, mountain climbing, and just being outdoors. Elisabeth is from Oslo, Norway, and while she was here she spent time speaking at various places about her country and her experiences in America.

Viveka Böhme is from Stockholm, Sweden. Her first reaction to East was one of confusion. "Mainly," she said, "because of the school's size." Viveka feels the club variety East offers is its greatest asset. She served as an honorary member of Civinettes and was also in the Vagabond Club. During her spare time Viveka enjoyed practicing her diving at the Charlotte YWCA. She lived with Jennie Stewart and has enjoyed her stay in America immensely.

His other interest include stamp collecting, ping pong, chess, and soccer. Finding himself very much at home with classmates, he became an honorary member of Interact and Key Club. American food, differing from that of home, in Bremen, West Germany, Luder found, like most teenagers that hamburgers are his favorite.

To the theme of A Child's Christmas Fantasy the 28th annual Carrousel Parade was held on Thanksgiving Day. East's representatives included the Marching Band, Lettergirls, and Varsity Cheerleaders who escorted our 1974 Carrousel Princess, Jane Henderson. Three other East students participated by accompanying their European brothers and sisters in the parade along with other exchange students from the Charlotte-Mecklenburg School System. ### Perspectives

The year 1974-1975 saw many changes. It was marked by political issues and economic crises. These are events which influence our lives both on and off East's campus. Therefore, the next few pages offer a brief look at 1974-1975 in retrospect.

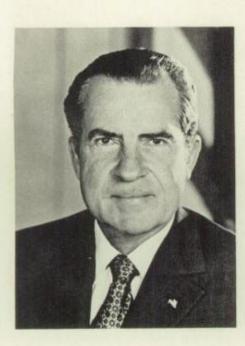

### Watergate Forces Nixon To Resign

President Gerald Ford and Billy Graham participated in last year's Kemper Open.

Can anyone stop Johnny Miller? He dominated the PGA tour by winning the last three tournaments in 1974, and winning the first three in 1975.

Richard M. Nixon

Gerald R. Ford

On August 4, 1974, Richard Nixon officially resigned from the highest office in the land. His speech to the nation contained no concession of personal guilt, only "mistakes" in his handling of Watergate. Gerald Ford, Nixon's hand picked successor, brought with him a new style of Presidential leadership. As Ford took command of the White House, Nixon began a long period of ill-health and seclusion in San Clemente, California.

The transition of power went smoothly as Ford advanced into a honeymoon stage with Congress until on September 9, 1974, when he announced a full and unconditional pardoning of Richard Nixon. Conflict also arose when Ford nominated Nelson Rockefeller for vice-president. During Congressional hearings it was discovered that Rockefeller had helped finance a derogatory book against his 1972 gubernatorial opponent, Arthur Goldburg. Before his confirmation, Rockefeller pledged his money to trusts, so no questions would arise concerning political gifts.

One of Richard Nixon's most persistent Watergate defense themes was that he would never do anything to weaken the institution of the Presidency. The Congress, however, highly disagreed. Preceding what might have been a very lengthy Senate trial on impeachment, President Nixon surprised the American public with his resignation. It was the first time in our history that a President of the United States has resigned his office.

The House Judiciary Committee, headed by Democrat Peter Rodino, at first seemed to be evenly split along party lines. However, as more incriminating evidence was uncovered, many of Nixon's most avid supporters turned against him. By the time Nixon confessed to having knowledge of the cover-up prior to his first statement, all committee members agreed on at least one impeachable offense. Special counsel, John Doar drew up twenty-nine articles of impeachment, which were later reduced to four general areas: obstruction of justice in the Watergate break-in and cover-up; abuse of power in misusing federal agencies such as Internal Revenue and the FBI; contempt of Congress in refusing subpoenas; and violation of constitutional duty to take care that the laws are faithfully executed. A number of ranking Republicans, among them Barry Goldwater and Hugh Scott, conferred with the President on impeachment. Nixon soon realized that if the charges were brought to the Senate, his removal from office would be inevitable.

The November elections of 1974 resulted in a Democratic sweep of Congress. These new representatives were generally younger, more liberal, and more reflective of the American society. They made their mark early, challenging the seniority system when they helped replace three experienced committee chairmen.

Through a strange turn of events, 1975 marked a turning point in American history. For the first time, our highest offices were occupied by men who gained their position by appointment rather than election by the people.

### Holshouser Recommends Repeal of Food Tax

Governor Holshouser visited Charlotte during the 1974 World 600.

Family Leisure Centers, Inc. agreed to buy Carowinds for \$14 million less than the original cost and announced plans for over \$2 million in improvements.

In December, 1974, after twenty years of service, North Carolina's Democratic senator, Sam Ervin, resigned his office. Having completed a Congressional career which brought him national recognition as chairman of the Senate Watergate Committee, Ervin retired to Morganton to compile his memoirs.

Governor Jim Holshouser, North Carolina's first Republican governor since Reconstruction, started 1975 in an unexpected manner. He introduced a proposal to the General Assembly which would have eliminated the 3% food tax. A major objection to the proposal was that the state would be losing approximately seventy million dollars in revenue.

The Carowinds Corporation decided to sell their theme park on the North Carolina—South Carolina border for almost sixteen million dollars. E. Pat Hall, president of the corporation, came to this decision in mid-December because the tight money situation would inevitably destroy their long range plans for improvements.

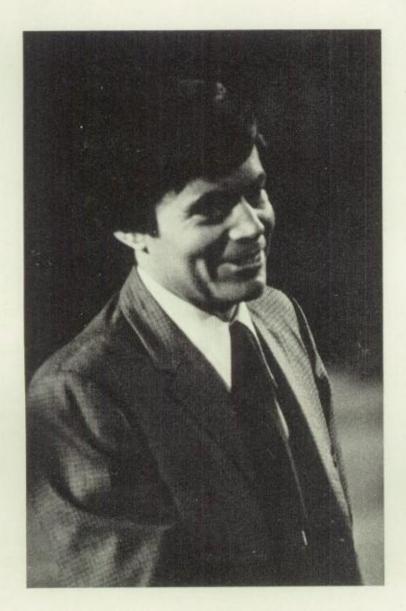

David Thompson, twice North Carolina's Athlete of the Year, led North Carolina State to the national championship in 1974, and led ACC scoring in 1975.

### World Football Comes To Charlotte

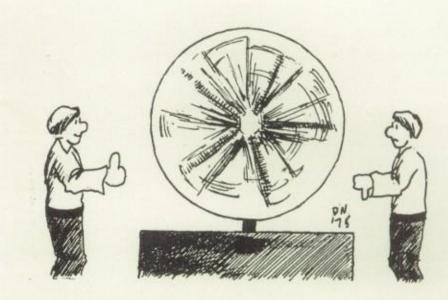

Since coming to Charlotte in late August, 1974, the Hornets were faced with serious financial difficulties. In early February, owner Upton Bell decided to allow North Carolina residents to purchase one hundred dollar shares in the team because the sagging economy made investors hard to find. The Hornets did not have many of the advantages of a professional team. Their practice field was at Belmont Abbey College and their four home games were played at Memorial Stadium.

In a 1974 survey of the fifty most populated cities in the United States, Charlotte ranked twenty-fourth in livability. Charlotte surpassed most cities in its number of college graduates and percentage of public housing; however, the crime rate was one of the highest in the nation.

After the general election in November, a serious legal problem arose. On November 6, 1974, Sheriff Donald W. Stahl of Mecklenburg County fired two of his deputies for what he termed "disloyalty" when they confessed to voting against him. Stahl's action was in violation of the state voter-intimidation law. After a much publicized trial, Sheriff Stahl was found guilty. He was given a five hundred dollar fine and a suspended sentence.

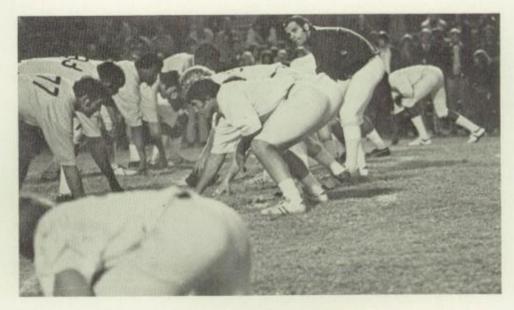

When the Hornets came to Charlotte, club president Upton Bell was all smiles.

The Grande Disco in front of the new NCNB Plaza was the subject of much controversy. It was considered by some to be a white elephant gift to the city.

Signs of construction were seen as the skyline constantly changed.

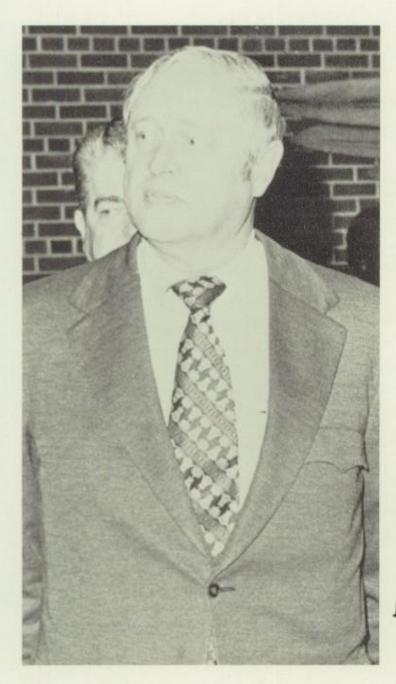

Tom Sherman, Hornet quarterback, led the team in practice sessions.

### East Has Many Changes

Students returned to East after the summer vacation to some major changes. The school day started promptly at 7:45 a.m. and ended at 2:55 p.m. Tardy students were assembled in the cafeteria to sit for the first period. After the first quarter this policy was abandoned in favor of a new one. Each student was allowed three unexcused tardies per semester. This second policy was received more favorably than the first although the effectiveness of both usually depended on the individual teachers. Also, after being absent, students had to bring notes to their first period teachers who gave them an excuse that admitted them to their other classes.

A snack bar was opened during the ten minute break for students who either missed breakfast or got hungry before lunch. In mid-February the furniture in the student lounge was reupholstered. An additional change was the construction of the benches on the smoking patio.

### **SPORTS**

Every sport is equally important.

Each one inspires a feeling of fellowship and competition all its own.

Eagle defense stops West Charlotte yardage.

The best crowds in four years cheered the Eagles on to a 7-3-0 season. The Eagles were led by returning lettermen Kevin Caddell, Reginald Sanders, Hal Westlake, Kenny Sigmon, and Mike Risley, who were chosen as all-conference players. Team captain, Donnie Byers, was selected "player of the year" for the Southwestern 4-A Conference.

Fumbles, fumbles, and more fumbles seemed to be the main weakness of the offensive team even though they finished with an outstanding rating.

What the Eagles didn't do in the first half, they made up for in the second. The Eagles second half effort was shown against one of our closest rivals, Myers Park, when they kicked a last minute field goal for a score of 3-0. This also occured against Independence when Kevin Caddell kicked for another three point victory.

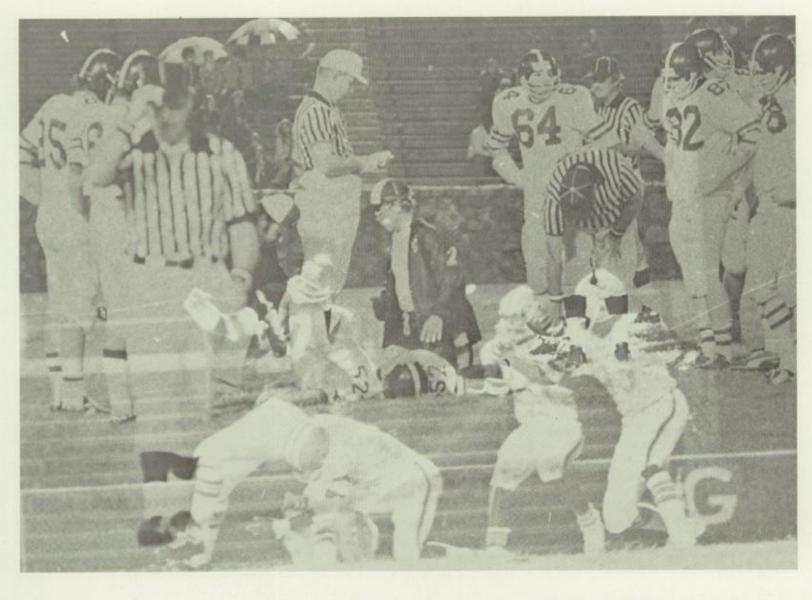

Many adjustments were made for injuries late in the season when Eric Levine, Tommy Latimore, and John Miller were hurt. Since the remainder of the team was in good shape physically they were able to compensate for the losses without much difficulty.

Besides injuries to players, equipment also suffers. Roughly \$100 is spent each year to replace the twelve to fifteen pieces of head gear and shoulder pads that are damaged.

In the last game of the season East was favored against South. Seniors with high hopes of winning their last game were disappointed in the last seconds when South scored a touchdown followed by a two point conversion to win 14-13.

## OTBAL

For the first time in Junior Varsity Football history, nine of their ten games were played at night. Outstanding offense players this year were: Darrell Barlet, Danny Fortune, Jeff Harper, Bryan Sealey, and Neil Vaughn. The baby eagles defense was led by Tommy Hatley, Eric Hobbs, Derrick Jackson, Jack Shirey, and Eric Westbrook. Compared to the opponents scoring average per game of 11.7 our J.V's pulled through with an average of 14.3.

One of the major rule changes this year was the elimination of crack back blocking and giving receivers more time to field the ball. The team record was 3 wins, 5 losses and 2 ties. Coaches Dick Williams and Reginald Thompson should be commended for their service.

The 1974-75 Soccer Team led by tri-captains Gerry Arzani, Bob Patten and Robert Marx, finished first in the city maintaining an undefeated record.

High scorer for the team was Stuart Lashford, scoring eleven goals in the regular season games. The team had only eleven goals scored against them during the season, while they scored thirty-five against their opponets.

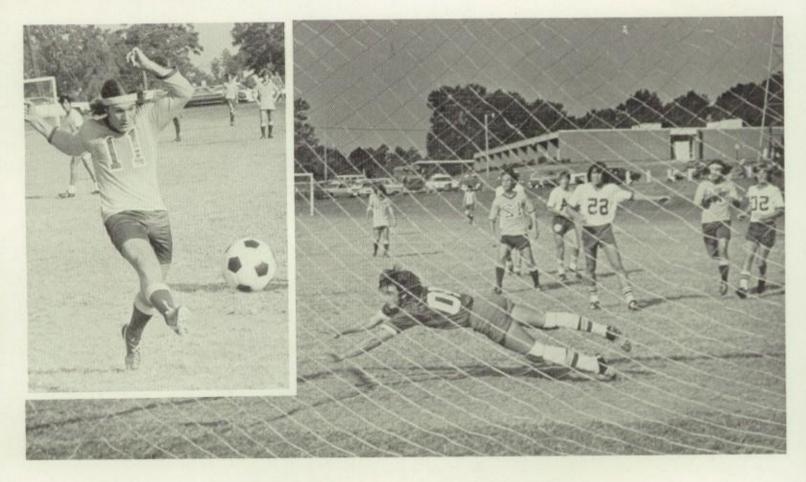

Much credit should be given to Coach Ahmed Kayed for boosting the team to success. Kayed has coached the team since 1968, when soccer began at East. Through the years Kayed has seen a complete change in the sport. He stated that "Faculty, administration, students and parents have given the team their fullest support." For example, two sets of bleachers were added to the field for the enjoyment of the crowd. The entire team received new uniforms costing approximately \$40 per player. Also, for the first time in the history of the team three night games were played in the stadium.

As the Eagles' success continued they qualified for the district playoffs. Unfortunately, they lost to Myers Park in the last two minutes of the second overtime by the score of 1-0.

Eric Parker, Mike Owens, and Mike Griffin also played a major role in the success of the team. With a 4-3 record the aqua-eagles went on to compete in the all five-team invitational at the University of North Carolina at Charlotte where they placed first in city and district finals.

### COUNTRY CRO

Cross country runners Steve Grice and Jack Durkin wish one another good luck before a big meet.

This new tardy policy is ridiculous!

The 1974 Cross Country Harriers began the season teaming up with Coach McAfee, a new addition at East. As one of the oldest sports in history, the Cross Country team this year defeated seventy schools, tied to one and lost to one. Steve Grice, David Hankins and Jack Durkin led the team with an average daily run of 7½ miles. Setting the place in the beginning and springing forth at the finish, was the most common strategy used by the runners. After winning the Division and Conference Championships, the Cross Country team went on to tie with R. J. Reynolds at the Sectionals. The Harriers, using their mental strategy ended the season as 2nd in the state.

## BASKETBALL

Bob Cunningham goes to great lengths to win the Blue and Gold game.

The Eagle Basketball team concluded a frustrating season with loses outnumbering wins. The team's spirit and sincere efforts on the court were certainly not indicative of their overall record. Although it was Reginald Thompson's first year coaching varsity basketball, the team, under his coaching succeeded early in the season by defeating Kannapolis twice. Senior players such as Kevin Caddell, Willie Knox, Donald Lineberger and Reginald Sanders contributed greatly to the team. One of the highlights of the season was when the Eagles glided past the Independence Patriots for a 60-59 victory. East looks forward to a brighter season next year with returning veterans; Bob Cunningham, Kent Hałf, James Jordan, Brent Miller, Fred Stitt, and Hunter Hobbs.

# BALL

The Junior Varsity Basketball Team, composed of four juniors and fifteen sophomores, had a comparatively slow season this year. With four wins and fifteen losses, the junior Eagles seemed to have more than their share of tough breaks. Led by Coach Henry Hamilton, the J.V.'s showed much improvement in their last six games. Games against South and Independence proved to be great wins for the team. Even though they suffered a loss in their last game against Garinger, the team played exceptionally well. Brent Miller, Chris Cornwell, Bob Gore, and Scott Burgess proved to be great assets to the team. Despite their losses, the J.V.'s deserve recognition for the fine effort they put forth.

The '74—'75 wrestling team was composed of only five seniors. However, they were a very successful team with an 8-4 record. East placed seventh out of twenty teams in the Southeastern district tournament. Kenny Sigmon, with an undefeated record, won first place in the 195 weight class. Don Rose also won first place in his 112 weight class. Both wrestlers represented our district at the State Wrestling Tournament.

The 1974 Baseball season was completed last year with a record of 13 wins and 8 losses. Many team members returned for the 1975 season, among them were two major league prospects, Mark Funderburke and Kevin Caddell. Several outstanding players from the 1974 season who graduated last year had been lost to numerous colleges. However, two advantages benefitting the Eagles this year were the coaching of David Jones and East's fine baseball equipment which included two pitching machines and a batting cage. The pitching machines were purchased with the money raised from several spaghetti suppers and with the assistance of the Booster Club. This year's spaghetti supper, held in January raised over \$3,000 before expenses. Much credit should go to the well disciplined teams, parents, and coaching staff for this success.

For the first time in many years, East established a Junior Varsity baseball team for the 1975 season. It consisted of many suphomores and juniors, coached by Louis Layne, Jr.

The beginning of the 1975 baseball season was hindered by an abundance of inclimate weather. But Coach Jones felt that practice in the close quarters of the gymnasium was better than no practice at all.

The 1974 track team proved to be a successful squad by setting thirteen different school records. Graduates David Harding, Terry Love, and James Bennett led the team on to become Conference champions as well as champions of the Western District. They also won the Division championship for the ninth consecutive year and finished third in the state. The track team for 1975 was expected to do exceptionally well. The pole vault may be somewhat weak compared to last year's, but sprinting and distance running were expected to be very strong events. Robert Huntley, Steve Williams, and Johnny Bowman were slated to lead the team in the 100-220 while Steve Grice and Jack Durkin ran the mile and two mile, respectively. On March 18, 1975, a special meet was held in memory of Tommy Swepston, a former runner for East. This annual meet, between East and Independence, will provide a special plaque to the winning school to be held for a one year period.

Coach Leeka's 1974 tennis team served up another winning season as they went undefeated in their conference. The netters, after posting a 12-0 record, continued on to win the Sectionals and tied for second in the state. Seniors, Davis Babb and Bobby McKee played exceptionally well holding the number two and three positions respectively.

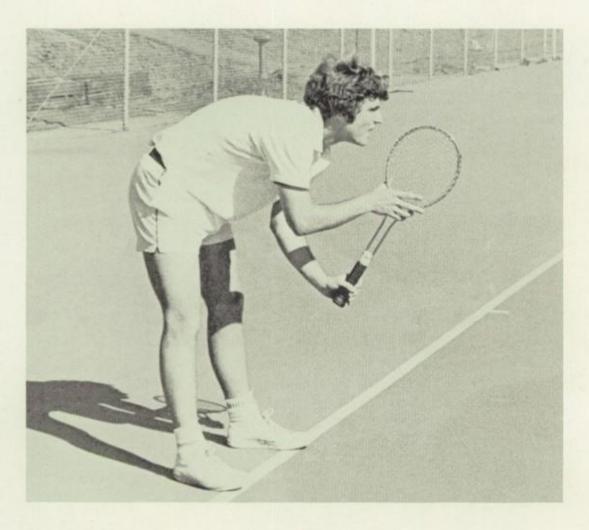

The 1975 tennis team's line-up was composed of Hap Core, holding the number one position for the third consecutive year, Matt McDonald, Skipper Goldfarb, Adam Silverstein and Randy Kritzer. The outlook for the '75 season was promising although once again competition was strong against Myers Park.

### O F J J J GIRLS'A

The East Athletic Program was expanded this year to include more competative opportunities for girls. The program included such sports as volleyball, tennis and track. The volleyball team finished sixth in the city with a 4-6 record. Expectations were high that the track team would also place well in various competition meets. It is expected that more athletic programs for girls will be developed for 1975-1976.

Attending every game, the cheerleaders must be commended on their fine support of all East athletics.

# MAJORETTES

The 1974-75 Majorette squad was composed of seniors Cathy Alexander, Jerri Stewart, Laurie Straughn, and junior Terri Wise. They spent much time preparing routines for pregame and half-time activities. One of their most recent routines included the use of fire batons. The Majorettes performed to songs such as "The Horse," "She's Got A Ticket To Ride," "More," "New World March," and "Lady of Spain" as well as "The Fight Song." In addition to football games the Majorettes also performed at the soccer play-offs and the Thanksgiving Day Parade.

MARCHING

The Superb 1974-75 East Mecklenburg Marching Band, Lettergirls and Majorettes display a show of talent.

The Marching Band along with the lettergirls under the direction of Mr. Michael Soltys performed on the football field, in pregame and halftime activities. For the first time in the history of East a Drum Majorette was added to the band. Many days after school hours they could be seen in the parking lot busy at practice.

Activities included marching in the Carrousel Parade and a welcoming ceromony and parade for the Charlotte Hornet's football team.

# ETTER GIRLS

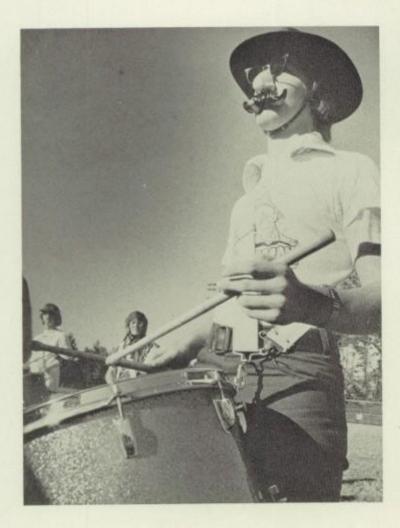

The 1974-75 Lettergirls, led by Beverly Harper, contributed much to pre-game and half-time activities. Performing routines to songs such as Boogie Woogie, Bugle Boy, The Horse, and Mame, the Lettergirls displayed their talents while entertaining the crowds. They also participated in the Carrousel Parade. With the Marching Band and Pep Band to provide the music, the lettergirls did an excellent job of supporting the athletic teams and providing entertainment.

### The pep band consisted of a variety of students under the direction of Mr. Soltys. They led the student body through the year by their spirit marches down the halls. They also supported our soccer team at the play-offs. During the basketball season, the Pep Band could always be counted on to entertain crowds and support the team. They shall certainly miss their senior members next year.

### ORGANIZATIONS

There is a need for belonging in everyone. Organizations at East provide a place to contribute — a place to be yourself.

### **Anchor Club**

Anchor Club, a girls service club at East, was busy serving the school and the community last year. They started out by sponsoring a bus trip to a Carolina football game, organized the research library at Thompson's Orphanage, and their main project was the Candy Cane Sale at Christmas. Through the Christians Children's Fund, Anchor Club helped to financially support a Mexican child. With the help of the advisor, Mrs. Stubblefield and the president, Debbie Valentine, the club has expanded into many new areas of community and school services.

They also travelled to Western Carolina Children's Center to paint murals on the walls.

The "super graphics" take form.

### Band

1974-1975 bands kept up there usual standard of excellence. Throughout the year the Symphonic Band and the Concert Band performed programs for Jr. High Schools in the East District. Both bands presented Christmas and Spring Concerts for the student body. The Symphonic Band participated in a contest in Salisbury. The Concert Band has open membership and the Symphonic Band members are chosen by audition at the end of each year. Both bands are led by Mr. Michael Soltys.

#### **EYRIE**

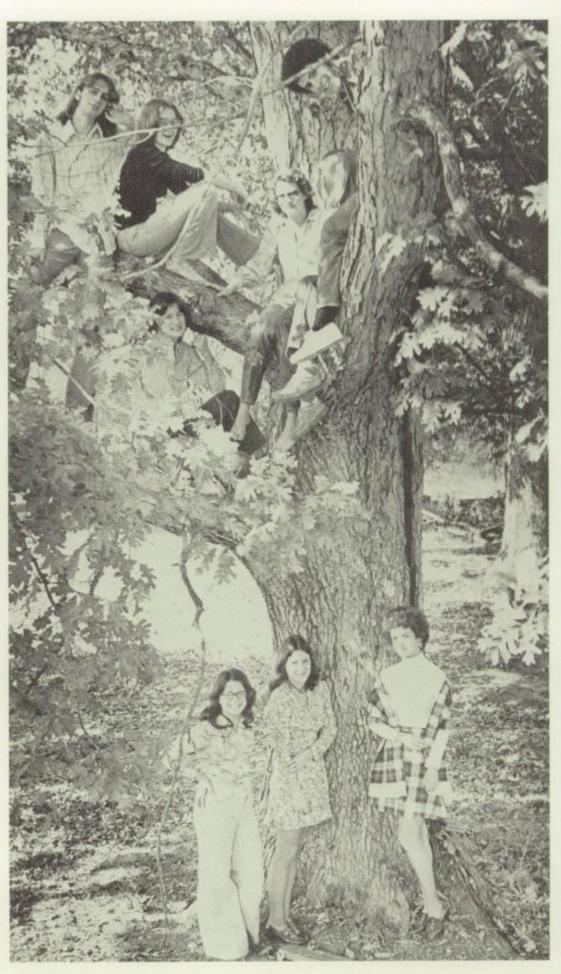

Poetry is something that sneaks up behind you on the street at night under green mercury lights, and jumps on your back and beats you over the head with a stick until your eyeballs fall out or makes you run around in circles crazy bumping into telephone poles or step off curbs in front of drunken trucks speeding It disappears like a light in the sky flashing momentarily leaving no trace except an unsure memory. Like a reluctant woman it waits on silent street corners for a price or old men who sit in the park and pull pennies out of their noses for little kids that do not understand such foolishness.

The EYRIE, consisted of a staff of talented people who spent fifth period putting together a literary magazine. Students submitted poems, photography, and art at the beginning of the year, and staff members began the long process of editing and choosing material to be published. This year's EYRIE reverted to the traditional procedure of publishing one edition rather than the two published in some years past. During the fall, EYRIE staff conducted an Express Yourself Contest in order to publicize the magazine and to encourage sales.

The 1974-75 EAGLE Staff attempted to provide a paper that reflected student life and ideas. In the process they enjoyed the challenge and work involved with printing each issue of the paper.

In order to become an EAGLE Staffer, one must become skillful in designing page makeup. Writing stories was an essential. Editing articles and seeing that business was conducted properly were also necessary jobs.

The EAGLE Staff was willing to listen to the comments of the student body. Any concerned student could submit an editorial for publications.

#### **East Wind**

East Wind was more than just a 55-minute class nine months out of the year. Before school started, the editor, co-editor, and business manager attended the RHODODENDRON Yearbook Conference at Appalachian State University.

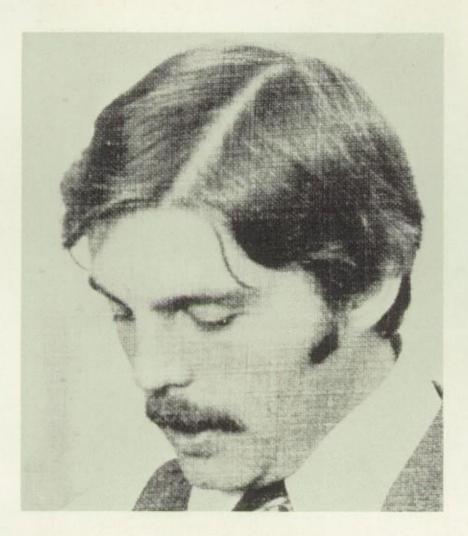

Because deadlines were a way of life from September to March many long hours were spent working after school, on weekends, and on holidays. To relieve tension created by hard work the staff also enjoyed many outside activities.

Layout design, photo cropping, typing, and skate boarding to the bathroom were all part of being a staff member. Every member of the staff was encouraged to sell advertisements. Three thousand dollars in ads made special additions in the book possible.

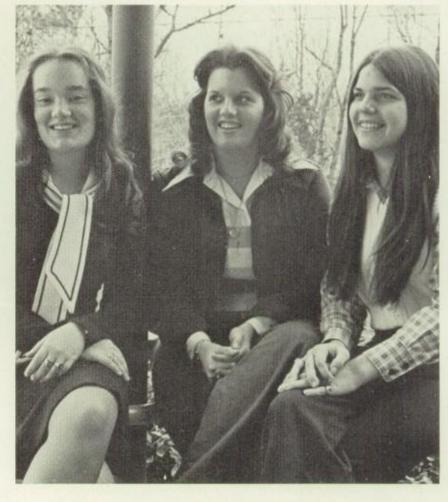

Although the final deadline was March 15th, there was still much work to be done. Since there were only four returning staffers preparations for next year had to begin early.

# Photography Marked By Changes

The year '74-'75 was marked by changes and growth in the photography department at East. A staff of seven seniors; Doug Hager, Alec Laing, Mike McLaughlin, photo editor Martin Rose, Chris Walker, Martin Williams, and contributor Tommy Williams put in many long hours of work in producing photographs representative of campus life. Also people and places were brought in from off of the campus to produce a total representative picture of the year '74-'75.

In February the staff attended a school sponsored, two-day seminar concerning photography at Greensboro. Present at most school functions, the photographers found themselves spending their nights and weekends trying to cover games and other activities around East. Advisor Louis H. Layne spurred the staff along in their work, which included the taking of nearly 10,000 photographs.

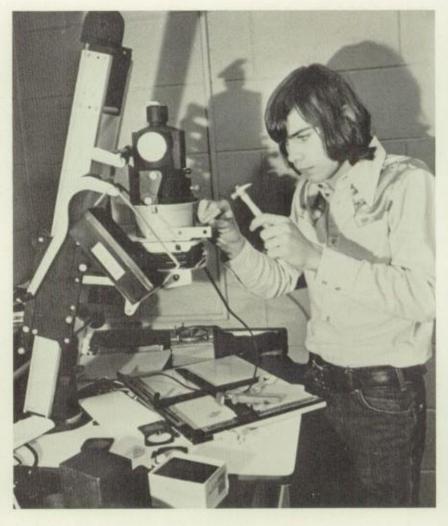

The quality of the photographers work was recognized when Martin Rose was honored with a Blue Ribbon in the Scholastic Art Awards Competition.

# ACADEMICS

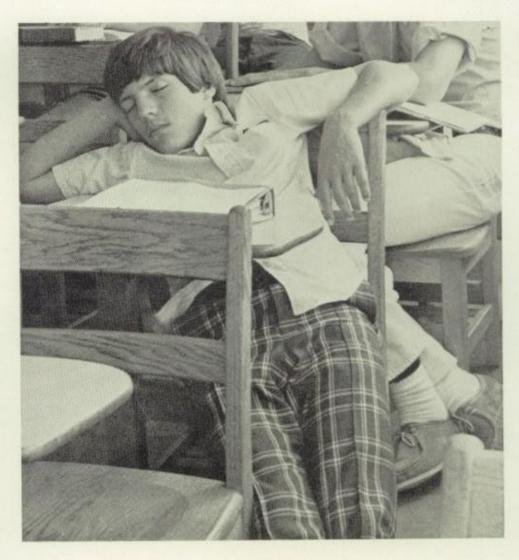

Academics have evolved from a regimented schedule to the broad scope of opportunities offered today, but school will always involve long hours of hard work.

# **English Department Strengthens Offerings**

The English Department was very much involved in an effort to make English a more rewarding course. In their regular departmental meetings the English faculty was dreaming "big." Some of their goals were to strengthen the present course offerings, test new techniques of teaching, search out the best of the new books and materials available, and improve the physical facilities. The program was individualized by setting up a course of study that provided for every student's interests and needs in the area of communication. Some of the courses were Poetry, Art, and Music; Social Criticism; Autobiography and Biography; Mythology; and Forensics.

## Russian Added To Language Department

Mrs. Garmon demonstrates the rolling "r".

Students at East this year had a wide variety of foreign languages to choose from. Along with the four or five years of French, Latin, and Spanish and two years of German, the Foreign Language Department offered a first year Russian course.

Working in conjunction with the department were the various language clubs. In the spring they planned to participate in a foreign language festival. Activities such as this helped to broaden students' knowledge of other lands.

Many students found that there were advantages other than an increased knowledge of foreign customs and lifestyles. One of these advantages was a better understanding of our own language.

# History Classes Break Old Traditions

Mrs. Sharon W. Canipe Mrs. Joan Chesnut Mr. Charles Gamble Miss Queen C. Green

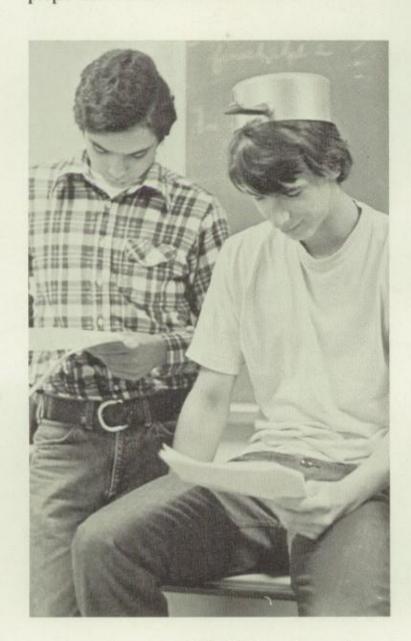

For the past three years the History Department has been evaluating and re-evaluating their curriculum. The faculty members have been attending workshops, debates, and doing research on different methods of teaching. The teachers tried to break away from the traditional pattern of lectures and make use of films and speakers. Another change of pace was to let the students teach their own classes.

Some of the history classes started doing research on our country's 200th birthday. They interviewed people who remembered various historical events.

### Math & Everyday Life

Mr. John Caskey Mrs. Elizabeth Cohan Mrs. Alix Fickling

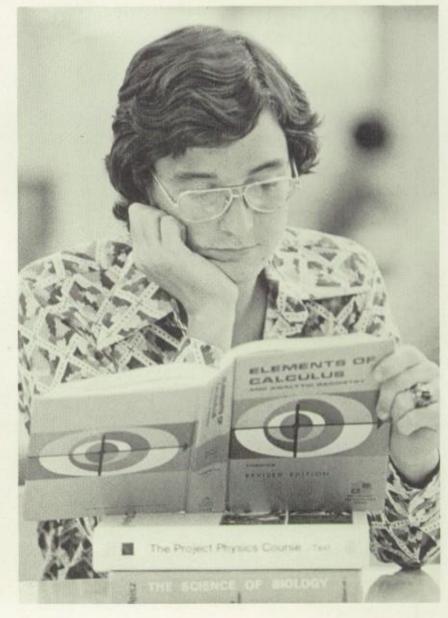

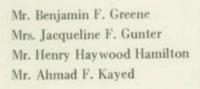

Although some students who took Math did not like it, most of them found it played an important role in daily life. From tasks as simple as telling time to calculating income tax skills learned in Math were very useful. Students could go as far as they wanted in their study. The courses offered were General Math, Business and Consumer Math, Algebra, Geometry, Concepts, Analysis, and Calculus. New equipment was added to the department such as tapes, cassettes, and listening stations. These aids were used to help absentees in General Math make up their work.

### Biology Adds New Courses

"Who says this place is for the birds?"

The Biology Department expended its offerings to students by letting them choose different semester courses. A few of these were genetics, horticulture, and zoology. For the more advanced students Biology II and Independent Study were offered. Field Biology and Environmental Studies were additional alternatives. Due to new state regulations the Chemistry Department has had to modify its programs to pass inspection. Even with these changes Chemistry was a popular course with more students than ever before. Physics also proved popular because more students enrolled than equipment was available.

### **Exploring Interests**

For students who had a general idea of what they planned to do after high school, East offered a wide variety of vocational courses. The courses offered were Occ. Prep., Student Counseling, Fashion Merchandising, D.E., Cosmetology, Graphics, Mech. Drawing, I.C.T., Auto Mechanics, COO-G, Horticulture, Ind. Arts, and Family Living. A new course added this year was Child Care. It consisted of two class periods a day and the students who took this course received two credits. The class met in the former principal, Mr. Pittman's home beside the bus parking lot. The house will be converted to a Day Care Center.

Mr. Soltys taught band and was the advisor of the Pep Band, the Marching Band, Majorettes, and Lettergirls. Mr. McNeely instructed courses of Music History, Music Theory, and Orchestra. He was also the advisor of the Orchestra Club.

With Mr. Mitchell as head of the Drama Department, students had a choice of different types of acting. These were stage crafts, play acting and pantomime.

### Physical Education Plays Important Role

Everyday students reported to the gym, dressed out, and readied themselves for forty minutes of vigorous activity. The P.E. teachers had a variety of activities including basketball, volleyball, gymnastics, and many others to keep the students in shape. P.E. is a required class and provides a break in the normal routine of sitting in classes. In the winter the gym was filled with students but in the fall and spring everyone moved outside for tennis, soccer, and other outdoor sports.

Students at East had a wide variety of electives to choose from and many selected business subjects. These courses included Accounting, Computer Programming, Key Punch, Shorthand and Typing. Some thing new was Occupational Mix in which students could learn how to use a variety of office machines such as calculators, typewriters, cash registers and duplicating machines. Courses such as these were helpful in preparing for future jobs or college.

# ADMINISTRATION

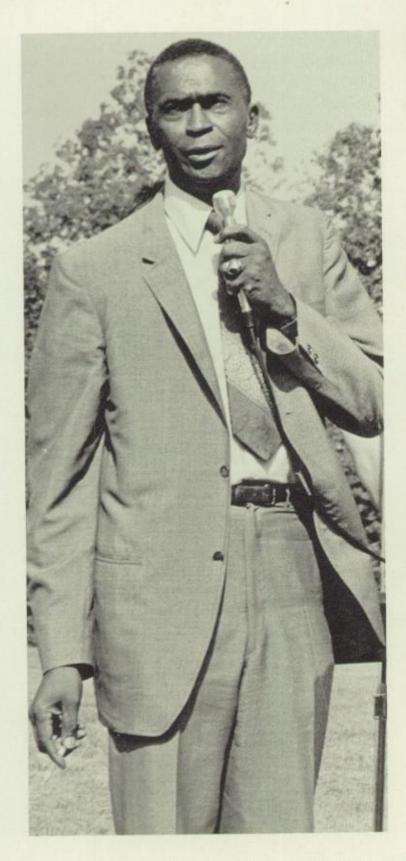

### Mr. Miller Institutes Change

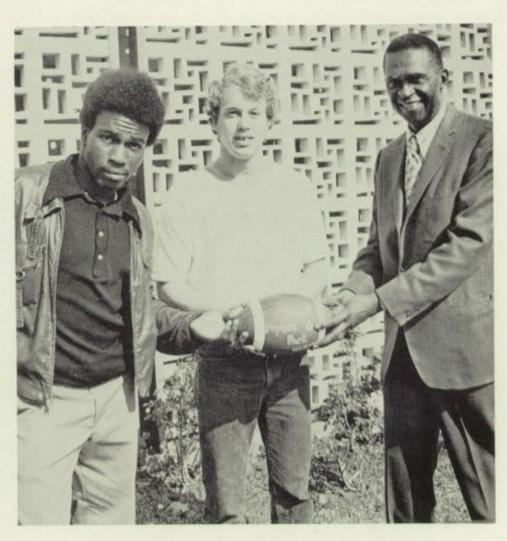

Since coming to East, Mr. Miller steadily worked on improving the relationship between students and Administration. He made himself available to the students and encouraged them to discuss their concerns with him. Throughout the year he worked very closely with the class officers which resulted in the granting of privileges to each class. During the summer, questionnaires were sent to students pertaining to the length of the school day. In response to student requests for a shorter school day, Mr. Miller changed the school hours to begin at 7:45 and end at 2:55.

Pop takes every opportunity to address the student body.

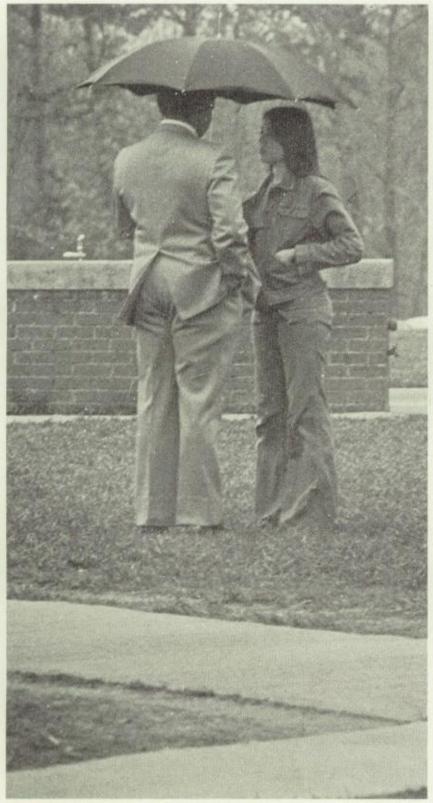

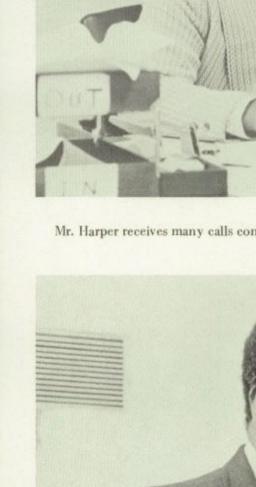

Mr. Miller and Mrs. Smith discuss the changes in the English Curriculum.

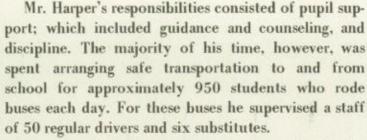

Varsity Football team captains Donnie Byers and Kevin Caddell present Mr. Miller with the game ball following their 3-0 victory over Myers Park.

## Mr. Harper's Responsibilities Expanded

In going through the change from teacher to Assistant Principal, Mr. Harper said he had "gained a wider scope of responsibility." He encountered a greater number of students and tried to impress upon them the need for education. In furthering this emphasis on education he was in charge of an adult night school, which included high school completion courses.

### Mr. Hood's Role Changes At East

Mr. Hood takes a break between lunch periods.

This year was Mr. Hood's 17th year at East but his first as Assistant Principal. His mornings began at 5:30 a.m. when teachers called for substitutes who could be very difficult to acquire at that early hour. His other responsibilities consisted of attendance, which includes tardiness and class cutting, and the ever present problem of student discipline.

Mr. Hood said, "Change is constant at East. Each student body has its own identity but there is no means of comparison between any."

Although East gained Mr. Hood as an Assistant Principal it lost him as a teacher and as head basketball coach. During his career as a coach Mr. Hood compiled a total record of 198 wins and 123 losses.

Gee, these pep rallies are so exciting.

# "The Little Lady With The BIG Ideas"

"The little lady with big ideas" is how Mr. Miller has described Mrs. Ledford. She was called Curriculum Coordinator but the title Assistant to the Principal would have been more suitable. She worked on reports, the budget, and represented East in meetings held at the Education Center. By doing these jobs she enabled Mr. Miller to have more time for contact with students. Mrs. Ledford also made arrangements for field trips and guest speakers.

### Administrative Assistants And Resource Officer

Now let me just tell you how it happened.

Mr. Rorie explains a new policy to Mrs. Whitley.

The apple core goes in the trash can.

This year at East we had four Administrative Assistants whose jobs were to help Mr. Miller and the Assistant Principals make each day run smoothly. They were also responsible for keeping things in order during lunch and breaks. These men are getting on the job training and actual experience for possible administrative jobs in the future. In Mr. Miller's opinion they are "second to none".

We also had Officer Riggsbee from the Baker 4 Team of the Charlotte City Police Department. His reason for being at East was to help familiarize students with the law and to give them guidance when needed. He is required to report and investigate all criminal violations of the law occurring in the school or on school property.

Mr. Layne socializes with students during break.

Mr. Troxler dispenses a piece of advice.

### Secretaries Provide Necessary Services

Behind the scenes in the main office are our hard working secretaries. Mrs. Duke, Mr. Miller's secretary types monthly statistical reports. Mrs. Bryant takes care of the payroll, textbooks, and Driver's Ed. certificates. Mrs. Heffner assists Mr. Harper in keeping track of the buses. Mrs. Litaker is in charge of attendance and early dismissals. Mrs. Wright is in charge of transfer registration and new students.

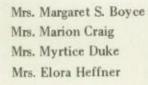

Mrs. Litaker opens her present at Secretaries' Luncheon.

Mrs. Wright works hard at keeping records straight.

Mrs. Bryant works on payrolls.

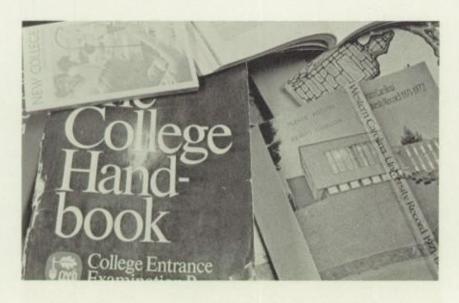

### Guidance Department Lends A Helping Hand

College catalogs are displaced by aspiring seniors.

The Guidance Department was organized in such a way that each class had its own counselor but students were able to make appointments with anyone in the department. They worked on social and academic aspects, trying to help students get the most out of their high school life. Co-ordinators, Mr. Carriker and Miss Wayne, helped seniors with college and career choices while Mrs. Boyce kept track of all transcripts. Mr. Burn worked with juniors and Mrs. Sanders helped orient sophomores to East.

### Library Gets New Editions

Mr. Augie Beasley Mrs. Mercedes Hechenbleikner Mrs. Margaret McCracken Mrs. Louise Yaeger

Mr. Beasley displays his audio-visual abilities.

The East Media Center has made some changes this year. Audio-visual equipment such as microfilms, recordings, and filmstrips were available to students for their use in projects. Two new sections of books were added. These were a ten volume set of Art Encyclopedias and a collection called *People of the Earth*.

Johnny Bowman keeps things organized in the library.

Jerry Starnes and Mike Brigham practice study habits.

### Cafeteria Under New Management

Mrs. Feeney counts earnings after a day's work.

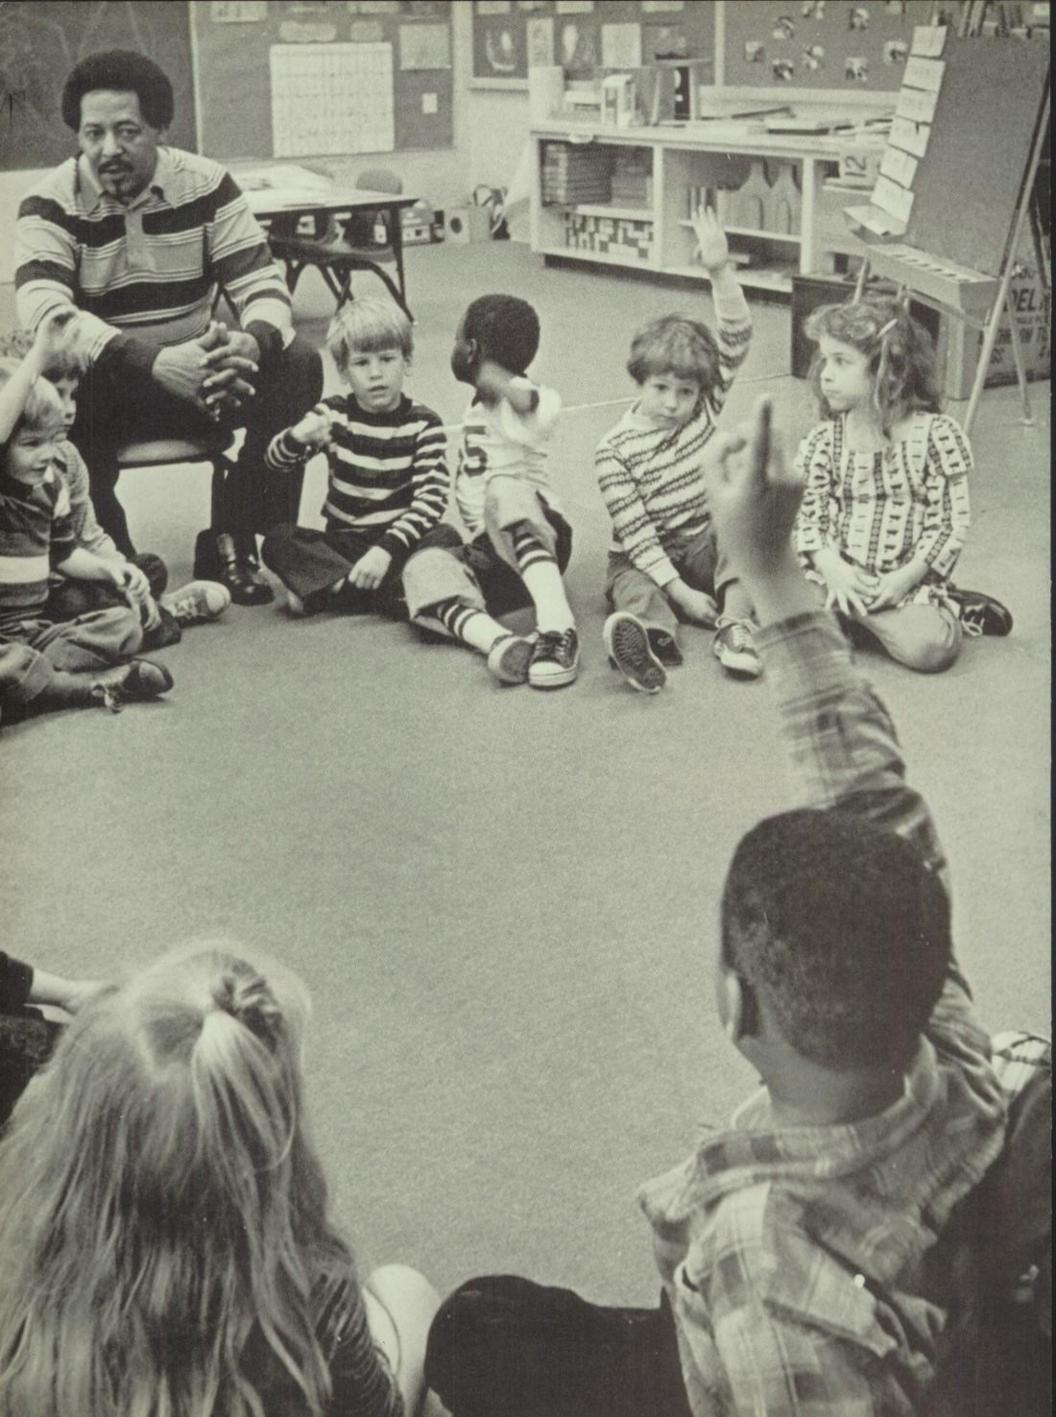

Albemarle Road Junior High contributed a valuable asset to East, Mrs. Feeney, the cafeteria manager. Since her arrival the snack bar has been expanded for the convenience of the students. The students could buy milk, orange juice, and assorted crackers and ice cream. Mr. Kell, the head custodian was a very important part in the intricate workings of the school. He and his staff were responsible for maintaining the grounds and general appearance of the school.

Students await a hearty lunch.

Mr. Kell relaxes at his desk.

## CLASSES

Thousands of faces with little in common; yet each can be put in one of three catagories — classes.

## The Sophomore Class

Many faces were seen wandering through the halls of East this year. Most of these students were members of the Class of '77. This year's sophomore class consisted of students from Albemarle Road, Carmel Road, McClintock, and Randolph Junior High Schools.

As usual, the sophomores began school a day before the juniors and seniors to familiarize themselves with the school and the faculty. After several weeks of becoming adjusted, they settled down to elect class officers.

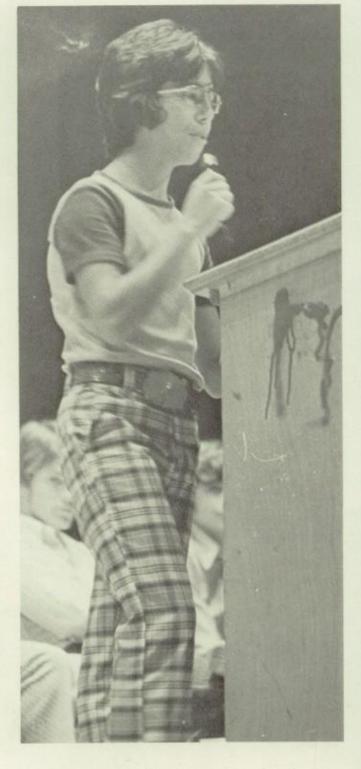

Many times at assemblies, Mr. Miller found it necessary to reprimand the sophomores for their conduct. However, they did show their school spirit by winning the can contest before Thanksgiving.

## The Junior Class

The 1974-1975 Junior Class was relatively small compared to those of past years. Many sophomores expecting to return to East after summer vacation found themselves relocated. In spite of those students entering East from other Charlotte-Mecklenburg Schools, the Junior Class lost about one hundred members.

Their major project, as always, was the Junior-Senior Prom. Under the direction of their advisor, Mrs. Harriet Fraizer, work for this activity began in January and continued until mid-April. Usually held in the Independence High School Mall, the '75 Prom was staged at Charlotte's new Civic Center. Other aspects of the year were junior dues, PSAT's, and class rings which this year arrived prior to Christmas.

## THE SENIOR CLASS

During their three years at East the Class of '75 has shown exceptional leadership. They have made major accomplishments such as the annual Senior Banquet, the Senior Breakfast, and the 1974 Junior-Senior Prom.

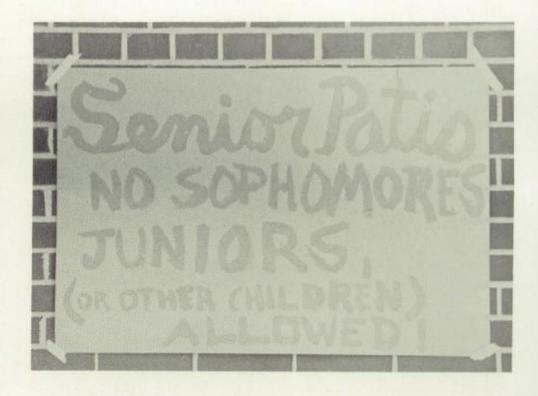

The class was well known for their display of spirit towards school activities. Every year including their sophomore year they won the spirit chain contest in which they were awarded a special privilege, last year half price tickets to a home basketball game were sold to the seniors. Living up to their class cheer of "Hey, hey, we're alive, we're the class of '75," the senior class helped the cheerleaders boost spectator spirit at various athletic events.

Under the leadership of President Hunt Phillips and Advisor Jean A. Jarrell significant additions were made to the already existing senior privileges. Examples included a special senior break, a snack bar open before lunch, and more frequent class meetings during the school year.

As graduation quickly approached most of the class was excited about finding new roles in college or careers, although mixed feelings about leaving high school friends and fun lingered on.

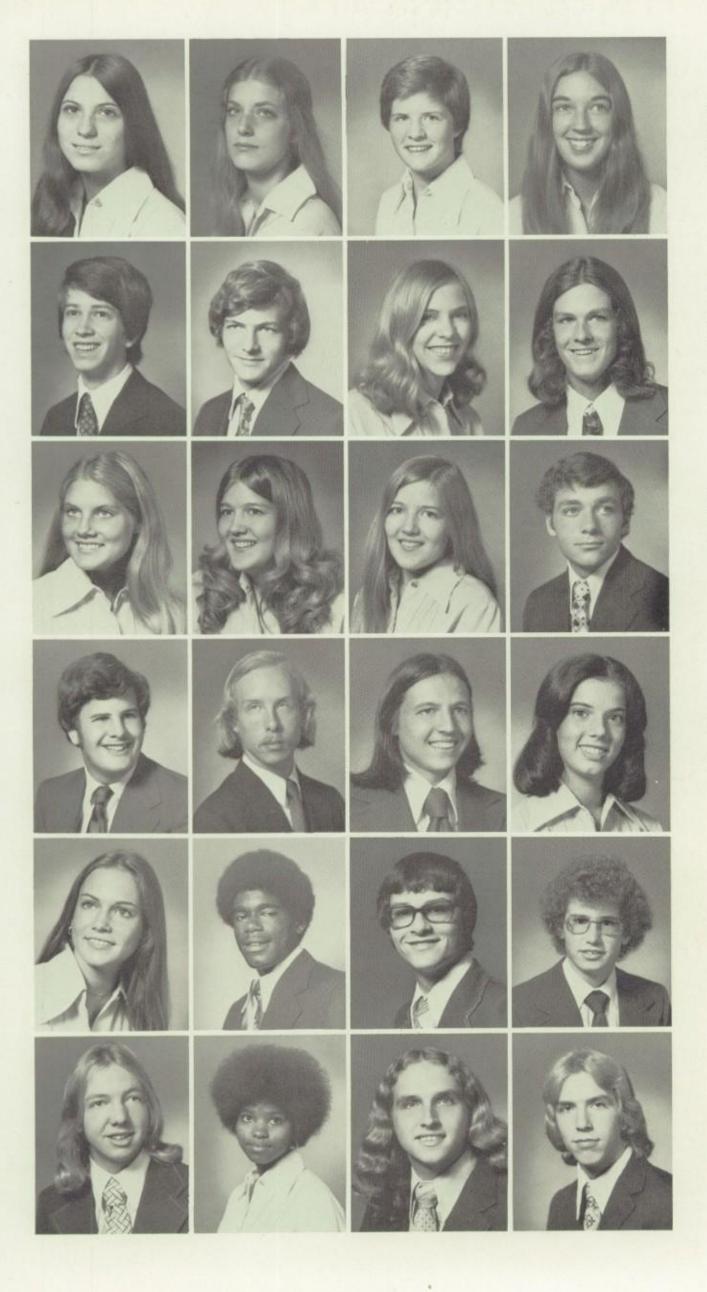

Hunt Phillips reaches new heights as Senior Class President.

Change can always be noticed in the faces of others, as well as ourselves.

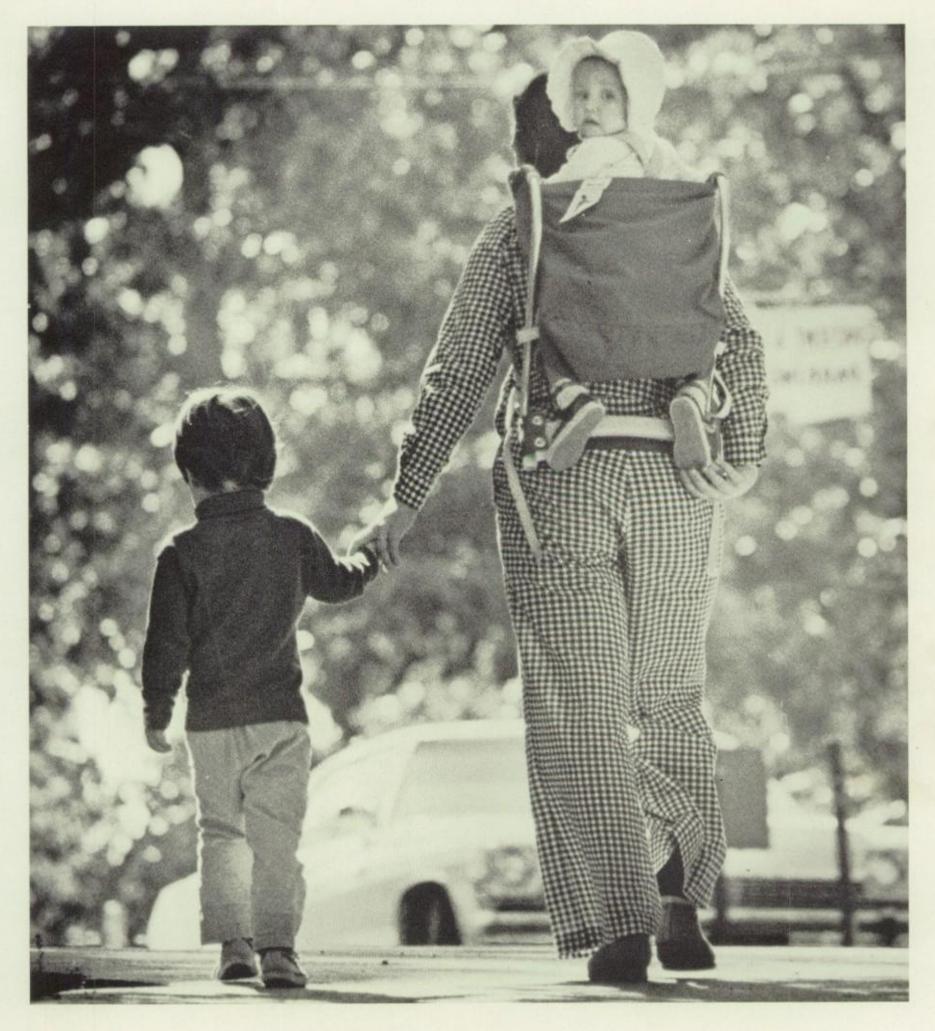

In youth, goals are easily dreamed about; however, the dreams that were once so precious tend to lose their meaning among the facts that can not be changed.

But as the years change from silver to gold, who will care what we dreamed—what we were?

#### Josten's Services

Josten's serves all your needs, with class rings, yearbooks, diplomas, announcements, caps & gowns, and awards.

More than three-quarters of a century ago,
Josten's began working with schools to create
"young America's" first fine jewelry. Since then,
we've broadened our scope to serve the entire
school—not only with awards such as medals,
charms, pins, keys, trophies, and plaques, but
also with class rings, yearbooks, diplomas,
announcements, and caps and gowns. Today,
we're called "the recognition people", as a
national leader in providing products for motivating
and recognizing scholastic and
athletic achievements.

The finest class rings, and we handle all details.

Josten's offers class rings of superb quality—with service to match. They're exclusive in design—fashioned by the same master craftsmen who have created rings for West Point, Annapolis, the Air Force Academy, and U.S. Olympic teams. Students like Josten's rings. You'll like our service. We deliver on time and handle all distribution details. Give us the opportunity to prove it.

"In-person" service on your diploma.

Engraved diplomas from Josten's reflect with credit the character of your school. Administrators are freed from worry by Josten's "in-person" service, attention to details, and timely delivery.

#### Announcements to fit your school's standards.

Josten's provides graduation announcements that are compatible with the high standards of your school—and please both students and their parents with their excellence of design.

You may be confident that your announcements are socially correct and always in good taste when they come from Josten's.

# Editors' Comment

It is 4:15 on Sunday afternoon. We are looking forward to Spring Break and our final deadline. After six months in a small office tempers are short and originality is dwindling. But in spite of all this, the family atmosphere that has united us remained throughout the year.

In September we believed that this book would be what every individual wanted. Now, we realize how easy it is for twenty-six staff members to have conflicting ideas. Recognizing the size of the student body we are aware that some aspects of this annual will seem irrelevant to you. However, we hope that each person will find something of importance to them in this book, and twenty-five years from now you will remember high school as a pleasant time in your life.
